Forecast for Tuesday 08 Dec 2020

Weather: The tail end of the band of rain, sleet and snow will clear to the west during the early hours, leaving scattered showers behind. These showers will mostly fall as rain throughout the day but some sleet and snow will remain above about 1000m. Showers easing during the afternoon and evening.

Chance of cloud free mountain/hill tops above 800m: Low through much of the day, moderate later in the afternoon.

Visibility: Poor at height, moderate in showers at lower levels but good in drier conditions.
